Description

City Commuter: Black Edition

The Pedego City Commuter: Black Edition is where well-appointed luxury meets everyday utility. It's fully loaded with practical features and all the premium upgrades you could ever wish for.

Smooth Ride

A high-end suspension fork allows you to effortlessly glide over bumps in the road. A simple lockout switch saves energy when you don't need the suspension.

Easy Pedaling

A larger front chainring and deluxe 10-speed drivetrain provide fluid shifting and comfortable pedaling – even at high speeds.

Stop on a Dime

Top of the line hydraulic disk brakes stop on a dime with the greatest of ease. The levers are easier to pull than normal disk brakes, and they feel more responsive.

Breathtaking Performance

What really sets the City Commuter apart is its supercharged performance. It's recognized worldwide as one of the most powerful electric bikes on the market, and it's just plain fun and exciting to ride.

A state-of-the-art 48 Volt battery uses the same advanced lithium-ion cells as an electric car. It weighs less than a housecat and can take you up to 60 miles on about 10 cents worth of electricity.

A whisper quiet, 500 watt motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating.

More details

- Full Coverage: A full coverage chain guard and fenders with mud flaps keep you clean and dry
- Comfort & Style: Traditional frame geometry and city-style handlebars feel natural and familiar
- PedalSense®: Twist-and-go throttle, 5 levels of pedal assist, and LCD display with USB charger
- Adjustable Handlebars: Quick-release handlebar stem allows you to find a perfect fit
- Bright Lights: Built-in front and rear lights for your safety and convenience
- Balloon Tires: Kevlar-belted tires help prevent flats and give you a nice, smooth ride
