Description

Pedego Platinum Interceptor: The electric bike for those who refuse to settle for less — making America's best selling electric bike even more lovable with new premium upgrades.

Special Features

- A larger front chainring and deluxe 10-speed drivetrain that provide fluid shifting and comfortable pedaling – even at high speeds.
- Top of the line hydraulic disk brakes that can stop on a dime with the greatest of ease.
- And a suspension fork that allows you to effortlessly glide over bumps in the road.

Comfortable

- Deluxe saddle with a suspension seat post for extra cushioning where it counts
- Wide, swept back handlebars allow you to sit back and relax
- Premium balloon tires give you a nice, smooth ride
- LCD display with USB charging port for your phone and other devices
- Front and rear lights for your safety
- Kevlar belted tires help prevent flats

Pedal Sense

- Level 0 allows you to ride normally without any assistance.
- Levels 1-4 use a state of the art torque sensor to deliver proportional assistance based on how hard you pedal
- Level 5 provides full power whenever you pedal – it doesn't matter how hard
- Levels 1-5 all have a throttle override for full power on demand
- And Level 6 is throttle only without any automatic pedal assistance

High Performance

- A 500 watt, geared motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating
- The 48 Volt battery is lightweight and long lasting. It uses Samsung cells with cutting edge lithium-ion technology and an industry leading warranty
