Description

The Pedego City Commuter is a complete package. It includes everything you could possibly want in an electric bike, all in one place for a reasonable price.

Made for You

The first thing you notice when you ride a City Commuter is how comfortable you feel. You'll swear it was made just for you – because it was! The most important part of any Pedego is the person riding it, and the City Commuter is built with only one thing in mind: YOU.

Fully-Loaded

The City Commuter comes equipped with user-friendly features that make riding even more fun and practical. From the everyday utility of fenders with mudflaps, to the simple pleasure of a built-in bell, and innovative Smart Bike Technology including a bluetooth connected smartphone app; we've thought of everything!

Breathtaking Performance

What really sets the City Commuter apart is it's supercharged performance. It's recognized worldwide as one of the most powerful electric bikes on the market, and it's just plain fun and exciting to ride.

Battery and Motor

A state-of-the-art 48 Volt battery uses the same advanced lithium-ion cells as an electric car. It weighs less than a housecat and can take you up to 60 miles on about 10 cents worth of electricity.

A whisper quiet, 500 watt motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating.
